Dear Gerla - Your card received. Last week mama and I went to Fremont to the funeral of my uncle who was drowned in the flood. The author of the "Land By and By" is Walter C. Stier. I finished mama's slippers, made a pair for papa and a pair for my aunt. If your canvass this summer what would you sell? I would like to go out with magazines or a small book but want some one to go with. Only about five week of school. The year seems so short. Will write soon. Love to all,
